RESTROOM CARE

Today...just clean is not enough

INTERCON[™]
the Cleaner...the Better[™]

TODAY, JUST CLEAN IS NOT ENOUGH

New strains of virus, bacteria and even life threatening diseases make proper sanitation methods the most critical responsibility of today's housekeeping managers.

DISINFECTANTS

Clean and sanitary floors and walls provide a foundation for restroom sanitation. Shower areas require specific attention due to the special conditions on these wet surfaces.

MULTI QUAT products are an effective "one-step" series of disinfectants formulated to work against a broad spectrum of bacteria and other microorganisms.

Multi Quat 128 Plus - Neutral pH hospital strength germicidal detergent. Kills HIV-1, VRE and MRSA. 1:128

Multi Quat 64 Plus - Neutral pH hospital strength germicidal detergent. Kills HIV-1, VRE and MRSA. 1:64

Multi Quat Mega 2 - Hospital strength germicidal detergent. Kills HBV, HIV-1 and many others. 1:128 **NEW**

Multi Quat TB - RTU hospital grade disinfectant and cleaner. Kills TB, HIV-1, HBV and others.

User Friendly Concentrate is a neutral pH, non-acid disinfectant cleaner and deodorant. It is effective against a variety of organisms. Leaves restrooms smelling fresh n' clean.

Surf Air ready to use disinfectant stops germs in their tracks while deodorizing with a pleasant "springtime-fresh" scent.

Tile Shine is a mild acid disinfectant, cleaner and deodorizer. Perfect for cleaning showers, sinks and toilet bowls.

DRAIN TREATMENT

Floor and shower drains present a number of problems ranging from clogging to unpleasant odors. Regular drain cleaning and maintenance is vital to maintaining a clean and sanitary restroom.

Activate Plus concentrated blend of live liquid bacteria and enzymes activates drain lines and grease traps while providing instant odor control. Grease solubilizers insure faster penetration and liquefaction of waste materials.

Breakthrough 100% natural, powerful citrus solvent concentrate is the safe answer to the toughest cleaning, drain maintenance and odor control problems. Emulsifies when added to water.

Main Drain is a ready-to-use, non-fuming, non-acid alkaline drain cleaner and maintainer. Regular use of this product will keep drains running freely.

BOWL CLEANERS

Toilets and urinals are the first area of use and inspection by visitors as well as the source of most germs and restroom soils. Intercon's array of bowl cleaners make this important cleaning task easy.

Hydrochloric Based

White is a low acid bowl cleaner and disinfectant with an acid compatible detergent system that removes resistant stains and increases its disinfectant action.

Great White high acid germicidal bowl cleaner quickly removes stubborn rust, mineral deposits and scale from toilet bowls and urinals even in the hardest water conditions.

Visclean D and Visclean are low acid clinging, cherry scented bowl cleaners. **Visclean D** removes stains, soil, rust, and scale in toilet bowls and urinals while disinfecting against odor causing bacteria. **Visclean** provides the same excellent cleaning power without the disinfectant.

Phosphoric Based

Tile Shine is a "one-step" disinfectant cleaner that attacks soap scum and hard water deposits. Effective for mold and mildew control and can be used for cleaning the shower, bath, sink and toilet bowl.

Multi-Phase This thick clinging formula allows greater contact time on vertical surfaces for greater cleaning efficiency. Does not attack chrome and is safe on plumbing fixtures and other metal surfaces.

Non-Acid

User Friendly ready-to-use, non-acid germicide effectively inhibits the growth of mold and mildew and kills HIV-1. Use this labor saving product to clean, disinfect and deodorize all washroom surfaces.

GENERAL PURPOSE CLEANERS

Another primary stop in most restroom visits is the sink area. Just a glance often indicates the level of sanitation, judged from the shine and cleanliness of counters, fixtures, sinks and mirrors.

Clear Blue ready to use glass and hard surface cleaner. Contains a unique "wicking" ingredient to pull into the cleaning cloth leaving a non-streak, squeaky-clean surface.

Scum Away non-acid no-scrub formula removes soap scum and hard water films with ease. Non-damaging to fixtures.

Micro-Soft ready to use cream cleanser cleans all types of hard surfaces without scotchering. Mild enough to be used on chrome, porcelain, formica, etc.

Sunny is a RTU spray and wipe cleaner with fortified natural citrus solvent. Fresh fragrance deodorizes as it cleans.

AEROSOL

Clear Blue general purpose glass and surface cleaner.

Gruff-X graffiti remover is ideal for cleaning away marks from walls, stalls and other hard surfaces.

Just Peachy peach scented dry air freshener.

Surf Air surface disinfectant and air freshener in one product.

Gene-X foaming disinfectant cleaner and deodorizer for most restroom surfaces.

DEODORIZERS

Unpleasant odors can occur even in a clean restroom. Intercon's line of **SCENTIBLE SOLUTIONS** deodorizers incorporate counteractants, odor neutralizers and fragrances in concentrated water-based formulas to help freshen any restroom.

SCENTIBLE SOLUTIONS - fresh fragrances and instant odor neutralizing.

Fresh & Clean the freshest floral scent

Just Peachy fruity peach scent

Odors Away neutral odor counteractant

Berry Good lasting raspberry fragrance
