

Technical News Release

A publication of the Technical Support Services Department of Intercon Chemical

Revision of DOT Shipping Description for scum-away.

The DOT shipping description for Intercon product **scum-away** has been changed to

- > 1 Gal: Compounds, Cleaning Liquid, n.o.s. (Contains Sodium Hydroxide), 8, NA1760, III LABEL: Corrosive
- ≤ 1 Gal: Compounds, Cleaning Liquid, n.o.s. (Contains Sodium Hydroxide), LTD.QTY., 8, NA1760, III LABEL: None

In our constant review and revision of product safety information, we determined that this product is better classified as a Hazard Class 8, Packing Group III, than its previous classification. Due to this reclassification, you will not be able to ship **scum-away** via UPS or air freight. Also note, that individual containers larger than one gallon will now have Corrosive stickers affixed to them.

If you have questions about this or any other Intercon product, please call Intercon Technical Services at (800) 325-9218 ext. 580 (Jim Smith) or ext. 240 (Don Unger).
