HARD WATER TOLERANCE: Excellent

Description

This high performance, dishmachine detergent is highly concentrated for maximum economy. It routinely powers away the most difficult food soils including grease, fats, oils, protein and food stains. It is ideal and safe for use on all fine china, glass, crystal, silver, stainless, copper, and alkali resistant plastic tableware. Inhibits lime and scale build-up. Packaged in an auto-feed capsule for optimum use-control and safety.

Features...Benefits

- Highly Concentrated Economical
- Fast Acting Labor Saving
- Hard Water Tolerant Improved Performance
- Prevents Limescale Build-Ups Labor Saving

Directions For Use

This product is not designed for use on soft metals such as Aluminum or Pewter. Soft metals or delicate ware items should be washed using an appropriate metal safe detergent. This product is for use in capsule feeder dispenser only. DO NOT use this product in conventional water-filled reservoir systems.

Remove the cover from the capsule and turn it over, placing it in the dispenser screen side down. DO NOT REMOVE SCREEN CAP FROM THE CAPSULE. Remove and replace capsule when completely empty by turning screen side up and using cover from new capsule to close empty capsule. Wash hands thoroughly after handling product. Consult your Service Representative for specific information on use of this product in your application.

Safety Information

KEEP OUT OF REACH OF CHILDREN
⚠ DANGER • POISON CORROSIVE. CAUSES BURNS TO SKIN AND EYES. CONTAINS SODIUM HYDROXIDE AND ALKALINE DETERGENT BUILDERS. Avoid contact with skin and eyes. In case of contact with eyes, immediately flush with plenty of water for 15 minutes and seek immediate medical attention. For skin, flush with water followed by a mild vinegar solution. Seek medical attention if irritation persists.
