Product Properties

COLOR: White, granular powder

ODOR: Odorless

pH: 10-11.5 (1% in Water)

FOAMING: None to Flash

DETERGENCY: Excellent

HARD WATER TOLERANCE: Excellent

Description

This high performance, dishmachine detergent is highly concentrated for maximum economy. It routinely powers away the most difficult food soils including grease, fats, oils, protein and food stains. It is ideal and safe for use on all fine china, glass, crystal, silver, stainless, copper, and alkali resistant plastic tableware. Inhibits lime and scale build-up. Packaged in an auto-feed capsule for optimum use-control and safety.

Features...Benefits

- Concentrated.....Economical
- Fast Acting.....Labor Saving
- Dispenser Controlled.....Economical
- Hard Water Tolerant.....Improved Performance

Directions For Use

This product is not designed for use on soft metals such as Aluminum or Pewter. Soft metals or delicate ware items should be washed using an appropriate metal safe detergent. This product is for use in capsule feeder dispenser only. Remove the snap cover from the capsule's screen cap and turn it over, placing it in the dispenser screen side down. DO NOT REMOVE SCREEN CAP FROM THE CAPSULE. Remove and replace capsule when completely empty by turning screen side up and using cover from new capsule to close empty capsule. Wash hands thoroughly after handling product. Consult your Service Representative for specific information on use of this product in your application.

Safety Information
