

# SURFACE DISINFECTANT & AIR DEODORIZER

## surf-air™

### Description

This effective ready-to-use disinfectant stops germs in their tracks while deodorizing with a pleasant “spring-time-fresh” scent. An excellent product for any restroom sanitation program, it is perfect for disinfection of hand contact areas as well as odor control. This versatile product retards the growth of mold and mildew and other organisms and is non-corrosive.

### Features...Benefits

- Ready-to-Use ..... Convenient
- Effective Disinfectant ..... Reduces Risk
- Pleasant Scent ..... Pleasant to Use
- Deodorizes ..... Improved Sanitation Perceptions
- Non-Corrosive ..... Improved User Safety

### Directions For Use

**FOR DISINFECTING:** Remove gross filth and heavy soil deposits. Preclean all surfaces prior to disinfection. Hold sprayer about 6 to 8 inches from surface and spray until surface is thoroughly wet for a contact time of 10 minutes. No dilution necessary. Let air dry or wipe dry. **TO DEODORIZE:** Use as a space spray. Spray upwards toward center of the room. The number of trigger strokes will depend on the size of the room and severity of the odor problem. No dilution necessary.
