- Ready-to-Use Convenient
- No-Rinse Formula Labor Saving
- No Dyes or Perfumes Will Not Taint Foodstuffs
- Versatile Ease of Use

Directions For Use

SANITIZING NON-FOOD CONTACT SURFACE DIRECTIONS: Apply this product as is to sanitize hard non-porous surfaces with a cloth, mop, sponge or sprayer. Rub with a brush, sponge or cloth. Treated surfaces must remain wet for 60 seconds. Allow to air dry. For sprayer applications, use a coarse spray device. Spray 6 - 8 inches from surface. Avoid breathing spray.

SANITIZING FOOD CONTACT SURFACE DIRECTIONS: Use this product (200 ppm active) for sanitizing and cleaning of equipment and utensils in food processing, dairy industry, bars, restaurants, institutional kitchens, meat and poultry processing plants. Apply this product to pre-cleaned hard non-porous surfaces with cloth, mop, sponge, or sprayer or by immersion. Surfaces must remain wet for 60 seconds. Drain thoroughly and allow to air dry before reuse. This product can be used in accordance with the U.S. Public Health Service food service sanitization recommendations.
