

HOSPITAL TYPE TUBERCULOCIDAL CLEANER/DISINFECTANT

multi-quat tb™

Description

This liquid cleaner/disinfectant has demonstrated its effectiveness against a variety of microorganisms including Canine Parvovirus, Mycobacterium Tuberculosis (BCG), MRSA, VISA, VRE and HBV. It is effective against HIV-1 and meets hospital use requirements. Non-flammable formula outperforms aerosols and delivers far greater use-economy. Its pleasant aroma, superior cleaning activity and non-phenolic formula combined with ready-to-use convenience make it the product of choice in critical applications.

Features...Benefits

- TuberculocidalHighly Effective
