

# PREMIUM DELIMER

## scale-x™

### Description

This premium delimer is a select blend of organic and inorganic acids combined with controlled foam surfactants and penetrants for superior performance. Low odored and non-fuming, it prevents corrosion while dissolving lime deposits, scale, milkstone, films and light rust from stainless steel, aluminum, tile, porcelain and other surfaces. Can be diluted for manual cleaning or up to full strength for fast delimiting of automatic dishmachines and C.I.P. equipment.

### Features...Benefits

- Concentrated .....Economical
- Controlled Foam .....Improved Performance
- Corrosion Inhibited .....Safer on Surfaces
- Free Rinsing .....Labor Saving
- Low Odor .....Pleasant to Use

### Directions For Use

**GENERAL CLEANING:** Dilute 2 to 6 ounces per gallon of water. Apply by spraying, brushing or wiping. Allow time to penetrate and loosen lime. Agitate, if necessary, using a nylon scrubber pad. Rinse thoroughly. Wipe dry to shine.

**AUTOMATIC DISHMACHINES AND C.I.P. EQUIPMENT:** Add full strength to machine filled with fresh water at the rate of 2 to 6 ounces per gallon of water. Spray extreme build-up areas with full strength product and scrub with nylon scrubber pad. Cycle machine for 15 minutes or until clean. Drain machine tank and rinse thoroughly. Wipe down exterior of machine as outlined in General Cleaning.
