### Product Properties

COLOR: Clear Red  
ODOR: Cherry  
VISCOSITY: 650 cps  
pH: <1  
SPECIFIC GRAVITY: 1.05  
WETTING: Excellent  
DETERGENCY: Excellent

### Description

This clinging, cherry scented, hydrochloric acid toilet bowl and restroom cleaner is highly effective for removing heavy stains, soil, rust, scale, soap scum and hard water encrustations in toilet bowls, urinals, shower stalls and other areas where these types of soils occur. It clings to vertical and underside surfaces to stay longer where needed most and chemically "scrub" surfaces clean. Pleasant cherry fragrance deodorizes as it cleans leaving surfaces and areas smelling clean and fresh.

### Features...Benefits

- Clinging Formula . . . . .Labor Saving
- Cherry Scented . . . . .Pleasant to Use
- Versatile . . . . .Easy to Use
- Removes Stains by Contact . . . . .Labor Saving
- Removes Rust and Scale . . . . .  
. . . . .Improved Sanitation Perceptions

### Directions For Use

Apply product directly under the rims of toilet bowls at water outlets. Allow contact time for chemical cleaning action. Apply to bowl mop and swab bowl surfaces thoroughly. Flush. For urinals, remove screens, blocks, etc. before cleaning. Apply product directly inside rim and around drain edge. Allow contact time, then swab all surfaces thoroughly. Flush.

### Safety Information

KEEP OUT OF REACH OF CHILDREN  
DANGER. CORROSIVE. Causes eye and skin damage (or skin irritation); produces chemical burns. DO NOT get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. DO NOT breathe vapor or fumes. MAY BE HARMFUL OR FATAL IF SWALLOWED. If swallowed, call a physician immediately. Drink plenty of water. Eye contact: Wash with water for 15 minutes. Get prompt medical attention. Skin contact: Wipe off the acid gently, immediately flood the surface with water, using soap freely, then cover with moist magnesia or baking soda.
