

# CONCENTRATED ALKALINE STRIPPER

## eraser™

### Description

This super strength stripper completely removes the toughest finish buildups - fast! Combining alkaline strength with solvent power, this product strips away multiple layers of "burnished in" finish that can take ordinary strippers several applications to remove. Use where extreme conditions require extraordinary stripping action.

### Features...Benefits

- Concentrated .....Economical
- Fast Acting .....Labor Saving
- Complete Finish Removal .....Labor Saving
- Versatile .....Ease of Use
- Powerful Formula .....Improved Performance

### Directions For Use

**STRIPPING:** Dilute with hot water at 12 oz. per gallon. Apply solution liberally to floor surface.

**NOTE:** Increasing solution strength will decrease stripping time. Allow to penetrate and soften finish, then scrub with stripping pad. Add more solution as necessary - do not let loosened finish dry on floor. Pick up with wet vac or mop. Rinse with clear water twice or with a neutralizing solution. Allow to dry completely before finishing.

### Product Properties

COLOR: Colorless  
ODOR: Butyl  
pH: 13.5  
VISCOSITY: 10 cps  
SPECIFIC GRAVITY: 1.07  
FOAMING: Low  
DETERGENCY: Excellent

### Safety Information
