

# CONCENTRATED SOAP SCUM REMOVER

## scum-away™

### Description

Specially formulated for removing soap scum and hard water films, this product delivers superior results without exposing users to the risks of acid products. Non-damaging to fixtures, this non-scrub formula chemically combines with build-ups to allow them to be rinsed away. Non-acid, fast, effective and safer performance.

### Features...Benefits

- Concentrated .....Economical
- Non-Acid .....Reduces User Risk
- Non-Scrub Formula .....Labor Saving
- Fast Acting .....Labor Saving
- Non-Damaging to Fixtures .....  
.....Protects Facility Assets

### Directions For Use

For use as a rinsing aid or for light build-up or alkali, soap scum or lime, use 4 ounces for each gallon of water. Add 8 to 10 ounces for heavy accumulations for each gallon of water. In extreme cases use with equal parts of water.

Allow solution to remain on surface 5 - 10 minutes and if needed, agitate with a brush. Pick up dirty solution and rinse with clear water.

This product can be used on all masonry floors and surfaces, porcelain, stainless steel, chrome, glass and painted surfaces, shower stalls and lavatories.
