Product Properties

COLOR: Clear, Colorless
ODOR: Chlorine
pH: 13.5
FOAMING: None to Flash
SOLUBILITY IN WATER: Complete
RINSABILITY: Free Rinsing
HARD WATER TOLERANCE: Excellent

Description

CPC-720 is a concentrated liquid cleaning agent formulated for the pharmaceutical, biotechnology, cosmetic, medical device and food and beverage industries. It is highly alkaline and contains chlorine for removing a wide range of process and product residues. The low foaming surfactant system in CPC-720 provides improved cleaning and rinsing in low volume/high energy recirculating spray systems. Free rinsing, CPC-720 provides a clean, residue free surface. Organic water conditioners provide excellent hard water tolerance that eliminates mineral deposits.

Features...Benefits

- Highly Concentrated Economical
- Chlorinated Improved Performance
- Versatile Ease of Use
- Hard Water Tolerant Labor Saving
- Low Foaming Improved Efficiency

Directions For Use

Typical operating concentrations of CPC-720 vary from 0.2% to 5% by volume depending on temperatures, soil loads and cleaning methods used. CPC-720 is excellent for use in immersion, pressure spray and recirculating spraywash applications and is ideal for recirculating clean-in-place (CIP) systems. Always rinse food contact surfaces thoroughly with potable water after use of this product.

Safety Information

KEEP OUT OF REACH OF CHILDREN

DANGER • POISON Causes severe burns to skin and eyes. Harmful if swallowed. Do not get in eyes, on skin or clothing. Avoid breathing mist. Wear eye protection and chemical resistant gloves when handling this product. **FIRST AID:** In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get immediate medical attention. Promptly flush skin with plenty of water. Remove and wash contaminated clothing or footwear before reuse. Get medical attention if irritation persists. **DO NOT TAKE INTERNALLY.** If swallowed, drink large amounts of water or milk. **DO NOT** induce vomiting. Get immediate medical attention. **INHALATION:** If inhaled, remove to fresh air. If breathing is difficult, get medical attention.
