

# CONCENTRATED TRAFFIC LANE CLEANER

## fast lane™

### Description

This concentrated traffic lane cleaner is a synergistic blend of surfactants, penetrants, emulsifiers, builders and deodorizers. It is designed to remove the widest variety of soils such as dirt, grease, blood, milk, egg, etc. Use this product as a pre-spray before shampooing or extracting on high traffic areas to ensure a complete one-pass machine cleaning.

### Features...Benefits

- Concentrated .....Economical
- Improves Machine Efficiency .....Labor Saving
- Versatile .....Ease of Use
- Pleasant Fragrance .....Pleasant to Use
- Improves Cleaning Service Life .....Labor Saving

### Directions For Use

**TRAFFIC LANE PRESpray:** Dilute this product with water from 8 to 16 oz. per gallon. Using a suitable spray device, mist the solution on traffic lanes before extracting or bonnet scrubbing.

**SPOTTING:** Apply this product diluted with water from 32 oz. per gallon to full strength directly on tough soils. Agitate into soiled areas. Blot away soils with clean cloth. Repeat. Rinse by spraying clean water onto the soiled area then blot dry with a clean cloth.
