

## handisan foam™

### Description

CLEARLY BETTER Handisan Foam kills bacteria on the skin in seconds. This advanced formula also moisturizes and soothes the skin with an advanced, pH balanced formula. CLEARLY BETTER Handisan Foam protects your skin in several ways. First, alcohol is a natural antiseptic that has been used in the medical field for hundreds of years. It kills bacteria effectively and quickly. Next, the rich emollients provide a barrier that guards your skin against drying. It meets criteria of the CDC for HCPHW. For clearly better sanitizing, protection and skin health, give CLEARLY BETTER Handisan Foam a try.

### Features...Benefits

- Fast acting. . . . . Kills bacteria in seconds
- Broad Spectrum. . . . . Better Protection
- Convenient. . . . . Better Compliance
- Nourishing/moisturizing. . . . . Healthier skin

### Directions For Use

Wash and dry skin thoroughly. Hold can upright and press spout to dispense small amount in palm of hand. Rub hands briskly until dry. Do not rinse. For best results, apply every 3-4 hours and reapply after hand washing.
