Features...Benefits

- Fragrance Free Will Not Taint Foodstuffs
- No-Rinse Formula Labor Saving
- Versatile Ease of Use
- Ready-to-Use Convenient
- Consistent Strength Consistent Performance

Directions for Use

SANITIZING FOOD CONTACT SURFACE DIRECTIONS:
Use Clearly Better™ NO-RINSE SANITIZER (200 ppm active) for sanitizing and cleaning of equipment and utensils in food processing, bars, restaurants and institutional kitchens. Prior to application, remove gross food particles and soil by a pre-wash, pre-scrape or pre-flush, and when necessary pre-soak. Thoroughly wash or flush equipment or utensils with a good detergent or compatible cleaner followed by a potable water rinse before applying sanitizer. Apply Clearly Better™ NO-RINSE SANITIZER to pre-cleaned hard non-porous surfaces with cloth, mop, sponge, or by sprayer or by immersion. Surfaces must remain wet for 60 seconds. Drain thoroughly and allow to air dry before reuse.

Safety Information

KEEP OUT OF REACH OF CHILDREN
CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. If in eyes, hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
