

Pro-Con ez floor™

concentrated bio active enzyme floor cleaner

Description

This new generation foaming cleaner and degreaser is specifically designed for use on quarry tile floors. Utilizing the latest cleaning technology, EZ FLOOR™ employs bioactive enzymes to digest oils and food soils without the use of harsh caustic chemicals. Its powerful surfactants and builders help penetrate the pores in quarry tile and grout, carrying the bioactive enzymes along to accelerate cleaning. As the bioactive enzymes digest food soils, they reduce odor caused by decay. Also, the bioactive enzymes reduce slippage as they digest the oils and greases that make quarry tile slick. As an added benefit, as excess EZ FLOOR™ is flushed down the drain, the bioactive enzymes go to work on soils and greases present in the drain. Floors cleaned with EZ FLOOR™ provide positive traction and result in a cleaner, safer work environment.

Features...Benefits

- 1 oz/gal Use Dilution. Highly Economical
- Bioactive Enzymes No Harsh Caustics
- Concentrated Surfactants Unparalleled Cleaning Power
- Improves Traction Safer Work Environment
- Brightens Grout Lines. Improved Sanitation Perception
- No Rinse Formula. Labor Savings

Directions For Use

For daily cleaning of quarry tile or other porous flooring: dilute one ounce of EZ FLOOR™ per gallon of warm water. Apply solution liberally onto floor surface with a mop and allow solution to stand on floor surface until solution penetrates soils. Agitate floor surface with mop. For heavily soiled areas use deck brush or machine scrub as needed. Squeegee excess solution toward floor drain. Discard mop water down drains to reduce grease build up and eliminate odors.

Safety Information

KEEP OUT OF REACH OF CHILDREN

CAUTION: May cause eye and skin irritation. Avoid contact with undiluted product. In case of contact with skin, wash with soap & water for 15 minutes. If irritation persists, seek medical attention. In case of contact with eyes, flush with plenty of water and seek medical attention.

REFER TO PRODUCT LABEL AND MSDS FOR ADDITIONAL INFORMATION

This product is part of the Pro-Con Systems line of color and shape coded ultra concentrates. It is intended for use with Pro-Con Dispensing Units which maximize its effectiveness and economy. Consult your Sales Representative for information on your specific application.

Product Properties

- COLOR: Clear Green
- ODOR: Fresh
- pH: 8.5
- SPECIFIC GRAVITY: 1.008
- SOLUBILITY IN WATER: Complete
- DETERGENCY: Excellent
