# DISH MACHINE DETERGENT

## HIGH PERFORMANCE DISHMACHINE DETERGENT

### Product Properties

COLOR: White, granular powder  
ODOR: Odorless  
pH: 11-12 (1% in Water)  
FOAMING: None to Flash  
DETERGENCY: Excellent  
HARD WATER TOLERANCE: Excellent

### Description

This high performance, dishmachine detergent is highly concentrated for maximum economy. It routinely powers away the most difficult food soils including grease, fats, oils, protein and food stains. It is ideal and safe for use on all fine china, glass, crystal, silver, stainless, copper, and alkali resistant plastic tableware. Inhibits lime and scale build-up. Packaged in an auto-feed capsule for optimum use-control and safety.

### Features...Benefits

No persistent bioaccumulative or toxic chemicals  
No Phosphates  
No ozone depleting compounds  
No volatile organic compounds (VOC's)  
No SARA 313 reportable ingredients  
Contains safer ingredients, lowering the risk to children and adults from hazards like cancer, neurotoxic and developmental effects.

### Directions

This product is not designed for use on soft metals such as Aluminum or Pewter. Soft metals or delicate ware items should be washed using an appropriate metal safe detergent. This product is for use in capsule feeder dispenser only. DO NOT use this product in conventional water-filled reservoir systems. Remove the snap cover from the capsule's screen cap and turn it over, placing it in the dispenser screen side down. DO NOT REMOVE SCREEN CAP FROM THE CAPSULE. Remove and replace capsule when completely empty by turning screen side up and using cover from new capsule to close empty capsule. Wash hands thoroughly after handling product. Consult your Service Representative for specific information on use of this product in your application.

### Safety Information

KEEP OUT OF REACH OF CHILDREN  
CAUTION. CAUSES EYE AND SKIN IRRITATION. CONTAINS SODIUM HYDROXIDE AND ALKALINE DETERGENT BUILDERS. Avoid contact with skin and eyes. External: Immediately flush with plenty of cool running water for at least 15 minutes. Internal: If swallowed, DO NOT induce vomiting. Immediately drink large quantities of milk, milk of magnesia or raw eggs.

Letter of guarantee available upon request.

EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice label signifies that the product's formula, as Intercon Chemical Company has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on Intercon Chemical Company, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of Intercon Chemical Company's non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice Standard and based on currently available information and scientific understanding.
