LIQUID RINSE

RINSE ADDITIVE

Product Properties

COLOR: Clear, thin blue liquid
ODOR: Odorless
pH: 6-8
SPECIFIC GRAVITY 1.02
WETTING: Excellent
SOLUBILITY IN WATER: Complete
HARD WATER TOLERANCE: Very Good

Description

This concentrated rinse additive causes water to "sheet off" dishes, glassware, etc. in machine dishwashing operations. Provides rapid drying to eliminate water spotting. Performs under a wide range of water hardness to prevent deposition of solids. Can be used with all types of dispensing equipment.

Packaged in an auto-feed capsule for optimum use-control and safety.

Features...Benefits

No persistent bioaccumulative or toxic chemicals

No Phosphates

No ozone depleting compounds

No volatile organic compounds(VOC's)

No SARA 313 reportable ingredients

Contains safer ingredients, lowering the risk to children and adults from hazards like cancer, neurotoxic and developmental effects.

Directions

Place pickup tube from dishmachine dispensing system into container. Product will be automatically injected during the rinse cycle. Follow instructions on your Dishmachine Procedures poster or consult your Service Representative for additional application information.

Safety Information

KEEP OUT OF REACH OF CHILDREN

CAUTION. CAUSES EYE AND SKIN IRRITATION. In case of contact, rinse eyes with plenty of water. Seek medical attention if irritation persists. If these are not available, drink a large quantity of water. Follow with olive, vegetable or mineral oil. GET MEDICAL ATTENTION IMMEDIATELY.

EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice label signifies that the product's formula, as Intercon Chemical Company has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on Intercon Chemical Company, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of Intercon Chemical Company non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice Standard and based on currently available information and scientific understanding.
