

MULTI-TEMP RINSE SAFE

ENVIRONMENTALLY
PREFERRED SOLID
WAREWASH
DRYING AGENT

Product Properties

COLOR: Opaque, Blue
ODOR: N/A
pH (use dil): 7
FORM: Solid
BIODEGRADABLE: Yes

Description

This product utilizes the latest ingredients that are less hazardous to environment without sacrificing performance. A concentrated solid drying agent designed for use in both hot and low temperature dish washing. Provides for rapid rinsing and spot-free drying. Effective in a wide range of water conditions. Safe on all dish machine surfaces and components. Designed specifically for use in solid rinse dispensers. Not for use in household dish washers. Meets the EPA's Safer Choice Standard.

Directions

This product should be dispensed only from equipment designed specifically to handle solid capsule products. Before loading dispenser, dish machine should be in the off position to prevent accidental water spray from contacting kitchen personnel. Your service technician will set your concentration to yield proper results. Wash temperature should be at least 140-150°F (60-68°C) Change water when noticeably dirty. For proper sanitizing in hot temp applications, rinse water should be maintained at 180-190°F (82-90°C). In low temp applications, this product is compatible with chlorine sanitizers.

Safety Information

Contains wetting agents. Do not ingest or allow contact with skin or eyes.

IF INGESTED: Drink plenty of water and get medical attention immediately. Do not induce vomiting unless instructed by a physician to do so. Never give fluids to an unconscious person.

IN CASE OF EYE CONTACT: If contacts are worn, remove and dispose of them, then raise eyelids and flush eyes with clear water for 15 minutes making sure to flush under eyelids. Get medical attention immediately.

IN CASE OF SKIN CONTACT: Remove contaminated clothing. Flush skin areas with clear water, then wash with a mild soap. If irritation occurs, get medical attention.

IN CASE OF INHALATION: Move victim to fresh air. Get medical advice. Refer to your Safety Data Sheet for additional cautions and handling procedures.

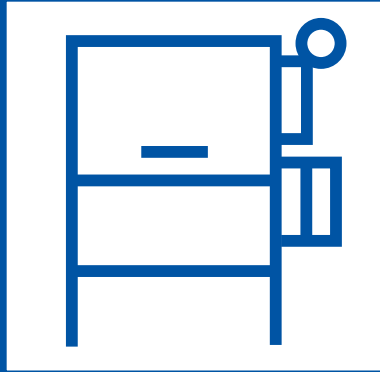

Letter of guarantee available upon request.

EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice label signifies that the product's formula, as Intercon Chemical Company has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on Intercon Chemical Company, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of Intercon Chemical Company's non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice Standard and based on currently available information and scientific understanding.
